

NGSX Policy Statement on Professional Learning During the Covid Pandemic

In accordance with ongoing federal guidance and state-based executive orders intended to protect public health during the ongoing COVID-19 pandemic, NGSX professional learning pathway sessions will be offered only virtually, at least through November 30, 2021. This virtual only pathway policy will be re-considered throughout this period of time. For now, NGSX sessions for teacher and administrator learning will continue in a virtual format. Importantly, NGSX pathway designers, facilitators, and program managers have constructed virtual pathways that are highly interactive, include a variety of classroom tools and well-aligned with and reflective of the high quality that is a hallmark of NGSX ,while maximizing the safety of all participants and NGSX staff. Please feel free to contact NGSX with any questions at nextgenexemplar@gmail.com .
